MUSTARD & SEED

FLORAL DESIGNS

# Hallo

I am Mandri, the florist and creative designer behind Mustard and Seed. Our name is inspired by the parable of the mustard seed, symbolizing how even the smallest actions can lead to great success. With a passion for the floral industry, I aim to build a company that is not only successful but also purposeful.

## Bringing the Wedding Vision to Life

For me, every wedding is unique, and I strive to bring each bridal couple's personalities to life through our floral designs. Every floral arrangement is an expression of art, and our creativity is inspired by their vision. We ask our clients what they want to convey through their floral decor and the type of atmosphere they want to create. This is how we bring the floral vision to life.

## Adding a Touch of Magic

We love incorporating candles into our designs as it brings warmth, texture, and colour to the setting. We also enjoy using stones and fruits to add depth and playfulness to your tablescape. Our goal is to create an extraordinary experience for the bridal couple and their guests with every floral stem.

Let's Create Floral Magic Together!

# NEED TO KNOW:

## **Floral Pricing for Weddings: What You Need to Know**

As you plan the wedding, keep in mind that when it comes to flowers, there's no one-size-fits-all solution. Here are some factors that may affect the floral expenses:

- Flower preferences and quantity
- Type of vases required
- Flower availability and seasonality (imported or locally sourced)
- The number of hands required to manage the flowers. We work with professional freelance florists who share our aesthetic vision and add labor to the cost.
- Travel distance to the venue and back for setup

Minimum Spend: R25 000

We understand that every couple has a unique vision and budget for their special day. That's why we strive to achieve the floral vision while adhering to the budget. However, we maintain a certain standard for the quality of our work, and we pride ourselves in delivering exceptional floral designs. The minimum spend is necessary to create an overall stunning effect with the flowers we use.

# Booking process:

Enquiry on website  
or email

---

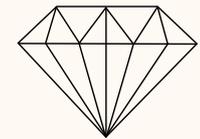

Complete our  
questionnaire

---

Receive a  
personalised quote

---
